Concession Sales:

All Concesion Stands and Fields houses are operated by Student Bodies at each school and are not available to outside group essen Concession stands at student body activities such as athletic events or damonasy be operated by the students themselves or they may enter into an agreement with ansimilar agency (i.e. booster clubs, PTA/PTC, or commercial vendor) to run the stands. If cautiside agency operates the concession stand, the school will often offer a contract spoint the profits based on an agreed upon policy.

Raffles and Games of Chance:

School entities, including student clubs, are not authorized to participate in raffles because unlike the local PTA, they are not a nonprofit organization exempt from state tax and defined in the Franchise Tax Code.

In order for a group to be able to hold **#leathey** need to be tax-exempt nonprofit organization with an approved tax id **#icta**tion number pursuant to Revenue and Taxation Code 23701d. The organization must have been approved to do business in California for at least one year and must registion the Attorney General's Registry of Charitable Trusts.

Drawings may be consider **e**alffles, and should not breeld by school group who do not meet the requirements of a text axempt nonprofit organization.

Legal Reference: Revenue and Taxation Code 23701d Barbeques Policy and Guidelines: August 10, 2009

Please first consider making arrangements to see park facilities that are designed to accommodate BBQ's and may provide BBQ pits as well.

Safety Guidelines for BBQ's on District Property:

- 1. BBQ's must be in a pit specifically lesignated for BBQ use. Do not use BBQ's that are low to the ground. Fexample Hibachi type or other BBQ pits less that 36" tall.
- 2. BBQ's should not be placed close to the school buildings, on all weather fields or tracks. Keep a safe 50dfstance from all school buildings.
- 3. Students should never be allowed near the BBQ coals and should be supervised at all times by adults. A safe distance from a BBQ permit is 50ft.
- 4. BBQ coals should be thoroughly extingueshwith sand or water, and coals should be disposed in a metal trash aimetr. If your site does not have a metal trash container, please do not reintinguished coals with paper or other combustible trash.
- 5. Students should not be asked to extist up dispose of BBQ coals at any time.
- 6. Portable BBQ pits must be removied m district property after the BBQ
- 7. Substances used to ignite coals must be removed from the district property after the BBQ

Any incidents or property damage as the result BBQ must be report to the district's Risk Management Liability Office. If you have, any questions please call 231-1134.

Please inform all district staff, volunteserand public regarding the above-mentioned
