Media Release

Occasionally, the School District and organizations/associations connected with the district would like to use the name, photograph(s), video recording, and/or interview comments of students for advertising, educational, promotional, or other purposes, including district-generated news articles and brochures. Occasionally, the school also receives requests from the news media to photograph, film, or interview students while covering school events and activities. Such images and comments are used for news purposes only and not for commercial purposes.

As part of each school's parent/Community Information program, your school or the district may also wish to place student pictures, schoolwork, and other materials on the district or school's website, post on social media and use for advertising and marketing purposes.

In order to use such material, parental consent is needed for any student under eighteen (18) years of age.

Please indicate below if you give permission for your child's name, image, or comments to be used:
