College and Career Pathways and Dual Enrollment – Nia Rashidchi

During the May 10 Board meeting, we will be asking the Board a “first read” on the re authorization agreement for the upcoming 2017 academic year to maintain and add new Dual Enrollment courses with Contra Costa College. This agreement is called the Contra Costa Community College District College and Career Access Pathways Agreement (CCAP). The office of the Chancellor of California Community Colleges along with the California Department of Education mandates us to have this document on the agenda for two board meetings. The May 10 meeting, it will be on the agenda as a discussion item. For the second meeting, it will be on the agenda as an action item. Only after the CCAP is passed can Dual Enrollment continue in

to other projects as agreed to by the Parties. In accordance with this provision, the PLA has consistently been applied to the District's publicly bid construction projects via the District's Project Labor Agreement Implementation specification (Document 00 80 00) the Invitation/Notice to Bidders which are included in the District's form ~~from~~ construction documents. The PLA will likewise, be extended to apply to the Wilson Elementary School Replacement Project in order to comply with the skilled and ~~craft~~ workforce requirements of Education Code section 17250.25 (c)(1). The PLA terms are attached, along with the specification (Document 00 80 00).

New and Revised Job Descriptions – Ken Whittemore

Before the Board of Education on the April 26 consent calendar are three jobs descriptions for The Information and Technology department. Chief Technology Officer, Mary Phillips requested these updated job descriptions to meet the growing needs of her department.

Two of the job descriptions are ~~upda~~ at no cost to the district (Desktop Support Technician and State Reporting Technician). The Senior Desktop Support Technician is a tier two technical support position to resolve more complex issues.

These job descriptions were properly negotiated ~~with~~ Local One and signed off by them.

ERATE Contract for VoIP (Phone Service) –Mary Phillips

ERATE is a federally funded program which subsidizes telecommunications for schools and libraries throughout the United States. The ERATE program has cut funding to phone services and will only fund at 20% this year. In previous years, the district received a discount of 80%. This means that the district will need to budget more for telecommunications than in the past. ERATE funding will cease completely for phone services next year.

Our current contract with our VoIP provider, NWN will expire June 30, 2017. As a result, our ERATE consultant advertised for phone services on behalf of the district and out of four respondents, NWN was found to be the lowest responsive, responsible bidder. This initiative was discussed with the Technology Subcommittee on April 2017.

Staff is of the opinion that it makes sense to use the same company as it means there will be no changes to our phone system for the next ~~3~~ year.

ERATE Contract for Wireless Upgrade for 8 Sites – Mary Phillips

As well as funding telecommunications, ERATE also subsidizes wireless infrastructure for schools and libraries.

West Contra Costa Unified School District
Office of the Superintendent

ERATE will fund \$615,240 of the project based on the following funding formula: Site enrollment x \$150 x district free and reduced meal discount. Bond funds will be used for the remaining amount of \$1,413,895.

Technology Plan 2017 2020 – Mary Phillips

The Expanded Learning Office measures quality using the Program Quality Assessment (PQA) Tools and accompanying Youth Program Quality Intervention (YPQI) supports developed by the Weikart Center for Youth Program Quality. The PQAs are a set of research validated observational tools that measure program quality across four domains: safe environment, supportive environment, interaction and engagement. Listed below are key findings from our 2015-16 external evaluation <http://www.wccusd.net/Page/5283>

- During the 2015-16 school year elementary participants attended the WCCUSD Expanded Learning Programs an average of 124 days.
- Program quality scores improved between the fall and the spring. Elementary schools' overall PQA score increased from 3.35 to 3.87, a +0.52 difference. Middle schools' overall PQA score increased from 2.92 to 3.07, a +0.15 difference.
- Program participants attended school at a higher rate than their participant peers, 95.4% compared to 93.7%.
