## Abel Guillen

4 days ago

Given the recent reports on teachers with video conferencing security at other public meetings and classes, it is vital that safeguards are in place to protect students' privacy and ensure the integrity of the learning process in a digital format.

---

Your article says that "... Elementary students can expect to have online teacher instruction for 3 to 3.5 hours per day...", but the pink/grey graphic shows that TK-1 teachers only need to connect with families weekly and have no minimum instructional time. Unfortunately, the graphic is closer to what has  that
