School Site Council (SSC): The role of the SSC is to give parents, faculty and staff more on-site decision making ability by giving individuals the opportunity to work together in planning school program improvements. Every elementary school must have a School Site Council composed of five parents or community members, the principal, three classroom teachers, and one other staff member (Education Code Section 52852).

The school holds many meetings throughout the year that provide parents with strategies to help their children at home, information meetings so parents have multiple opportunities to check on their students progress and ask questions as well as English Class for those that need more practice in English.
